

Hi,

I am Subodh Kadwani, so today you are reading this to know more about Ananya Overseas. My Mom and dad were always worried relating to my future. They always used to think what am I gonna do in my future. My Dad one day introduced me to Radha ma'am and Arun sir they guided me so well they supported me like their child. They made things easy, boosted my confidence, they made the process look so easy and helped me in clearing IELTS by giving motivation in applying for universities, application for visa and many things.

Radha ma'am and Arun Sir have supported me to come so far to United Kingdom to do my Masters in Marketing without them which would have never been possible as they gave not only me but explained my mom and dad which supported me as a backbone.

Thank you Ananya Overseas for guiding me towards my better future. Ma'am and Sir best of luck and keep doing the good work going.
